Hey prince ! 🙌

Maybe you need some kind of help ? 🙏🐱

Haha. Well I wouldn't mind. This wine got me horny instead of sleepy. Send those nudes !

Well I would if we weren't so far.

Far ?

I'm in São Paolo! Using Grindr Exploration instead of actual travel... Yes, pathetic, I know.

I knew you were too good to be true. Why Tunis and why me though ?

It's crazy that people come from Brazil just to learn about north african culture and language.. And wanna come back! Y'all are crazies.

Well I always told them about it and they're curious and excited... But thank you, Corona.

I'm sure this whole shit is gonna end soon and people will be able to go back to normal life. Can't wait to meet you ! 🙏

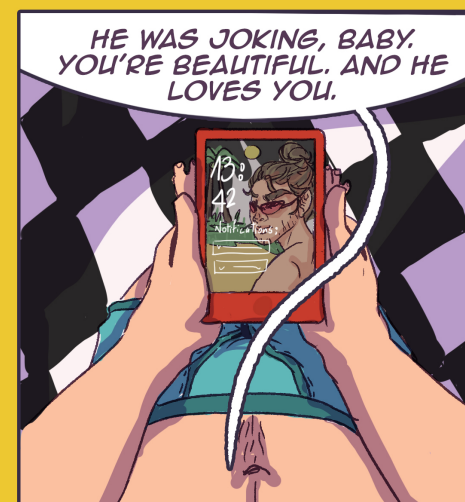

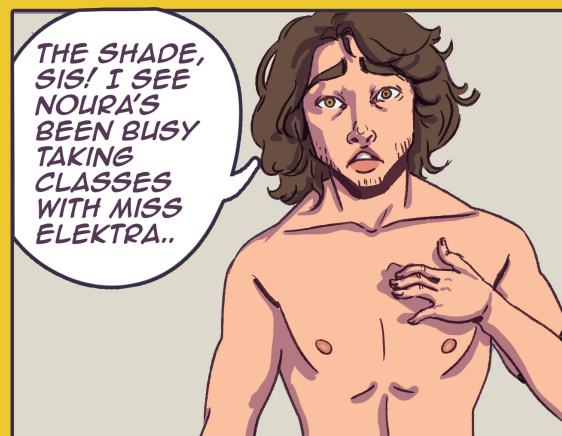

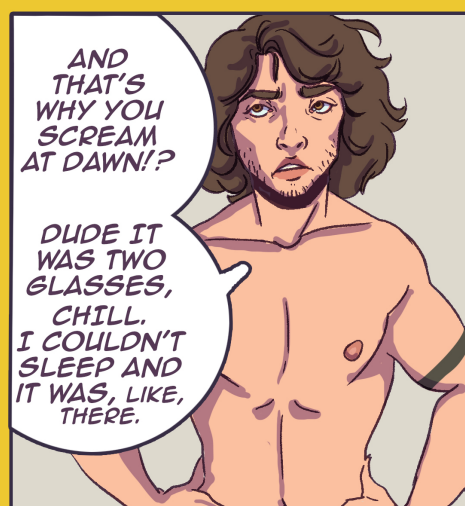

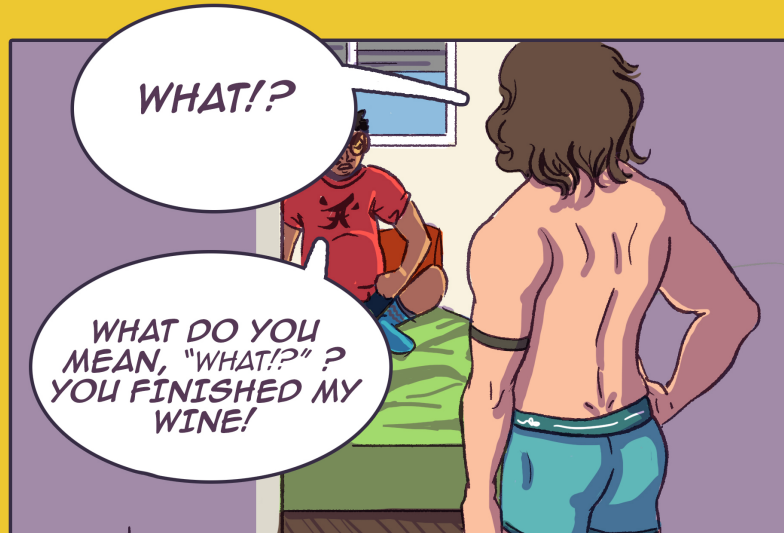

It was really nice "meeting" you, Prince. We'll have so much fun dancing to your beats I'm sure.

I'm heading to sleep now. You on instagram ?

..Okay you're already gone. Add me when you get this !

@rafasousa

Durma com os anjos, sexy! 🙏🙏🙏

@PicGram

I wanted to relieve this hangover with the leftover wine, now I have to drink fucking coffee. ☹️☹️☹️
I don't even know how I could take his bullshit and even make jokes about it...

I do wonder too..

What's that supposed to mean anyways...?

Nothing at all ! 😏

You really love torturing me, don't you?
But due to my infatuation with you, I can't even get mad at you or feel butthurt.. Hate it! 😞

.. Thanks... I guess ?
And with what you just said you still can't figure out WHY you gladly took your roommate's attitude?
I'm disappointed in your intelligence, kid.

What ?
Oh.
OH.
Fuck you, Rym. 💙
I'm STRAIGHT.
Google "Heterosexuality", your lot is pretty unfamiliar with the concept apparently.

.. My LOT ?
(I'm just gonna ignore that. For the moment.)
So. Like you're supposed to know and not be in denial off. I am not a "woman", and you just said you were "infatuated" with me. My turn to kindly invite you to Google "Intersex" and "Non-Binary Gender identities". 😏

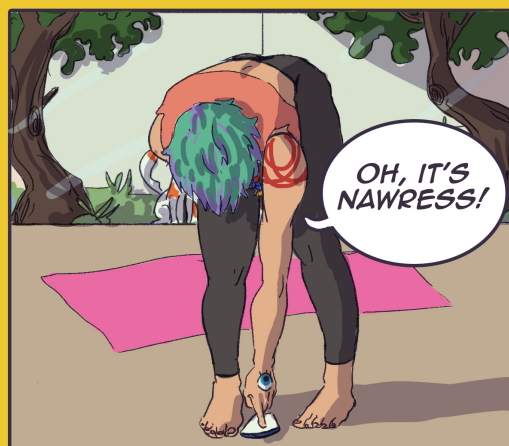

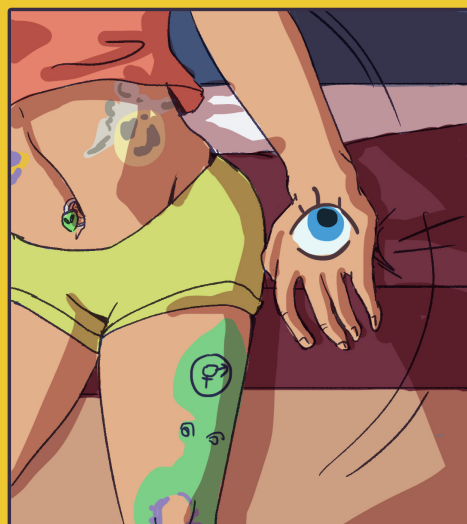

I'm well familiar with the terms. (You bet I googled everything since I started talking to you)
And sorry for "your lot", stupid reaction. Didn't mean to effend you, angel. ☹️☹️☹️☹️
And, about you point. It's not the same !
You still look like and consider yourself as partly a woman. And that's the you I like!
You're beautiful, and you fascinate me so much.
We've been talking for three days and I feel like I've known you my whole life... Or more probably in another one . 🥰🥰

Trust me, Nour, you don't know me.
Talk to you later.

.. What did I say !?

...Rym?.. I'm sorry?

I can't get you out of my mind, babe. 🥺
I even think of you when I can't resist touching myself. And you're in my every dream. I can't take this frustrating lockdown anymore, Imma go crazy! 🤪

Oh. That's flattering. I can't figure out how or why, but imagining you touching yourself kinda turns me on.

My turn to get flattered I guess !
Here's a little gift. 💕💋

NOTE FROM THE AUTHOR :
THIS PICTURE HAS BEEN CENSORED FOR NUDITY REASONS. NAWRESS DOES FIND HER WAY OUT OF CENSORSHIP IN THE NEXT PAGE, THOUGH.

Oops.

Hi babes!

He said that he exclusively liked my "woman side". Is he or completely unaware of people's feelings ?

Oh, sorry, babe...

GHOST HUSB... YOU CAN'T FEEL IT, BUT IT'S THERE

Men, you know...

Yeah, Men.
Sorry. I keep bringing him into the conversation. That's inconsiderate of me.

Nay, Gorgeous. I know you like taking your time deciding between your options.. Or not ever decide I guess. But I trust you. ❤️

You do get me better than anyone. I'm sorry for being like that.
And Thank you for your patience and your trust.
And for being you. 😊

Stop being silly, don't thank me for that !
(:secretly loves being thanked:)
And you're perfect the way you are, don't ever apologize for that.
Don't you think there's a reason you drive everyone crazy ?
If he doesn't know how to treat you, his loss. 🍷

Thank youuu. You're amazing too. I'm happy to have met you.

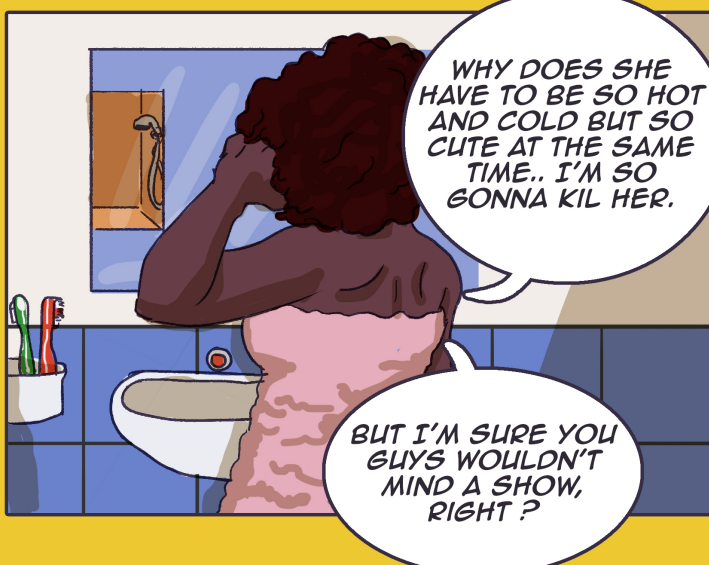

I'm happy to have met you too.

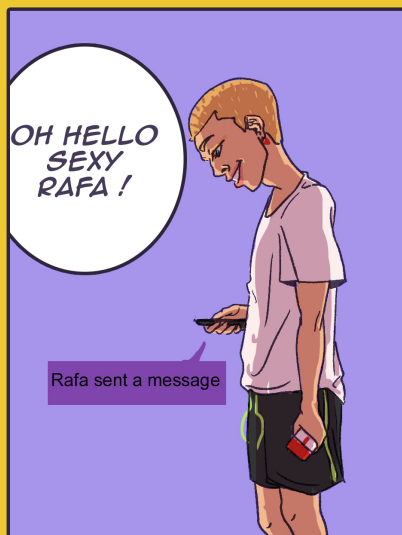

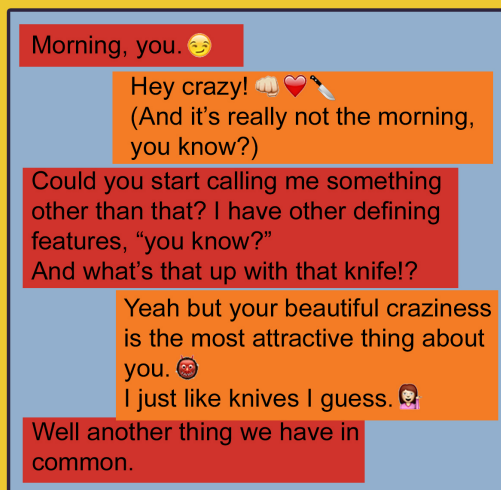

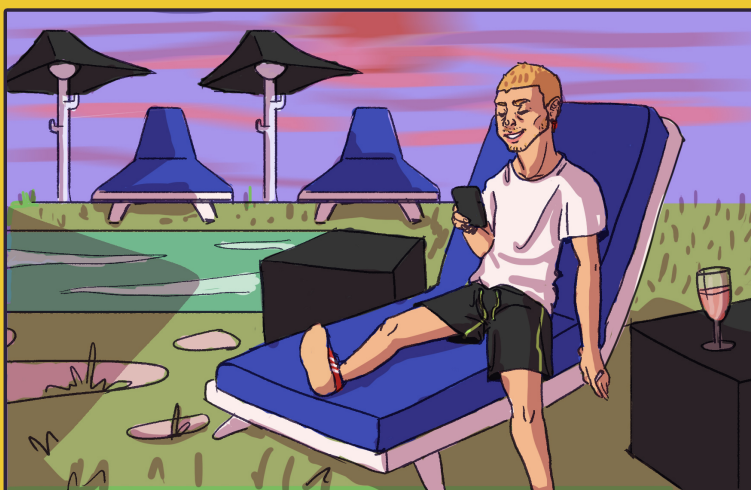

And about that reason. I have the impression that everyone likes me for the wrong reasons.
Like, they don't like the actual me, they don't even KNOW the actual me or care to try and get to know me.
I do take pride in my uniqueness but it's sometimes tiring to have to explain everything or to be hurt over and over again because of people's ignorance.
OMG, why am I complaining so much...? SORRY.

Some people are just not wired to understand difference, I guess. Don't beat yourself up too much about it, love.
I'm gonna hop under the shower. Wanna join ? :)

Haha, thanks, but I'm going to have to decline.
Talk to you later princess.
And don't forget to think about me when you're all slippery with soap.

Okay, see ya!

So, if I get it, you thought you were a lesbian gir for years; then you realized that you actually always felt like a boy. And now that you're transitioning, you discovered that you're also into men...Your life must be confusing as hell, mate!

It sure is... But I prefer taking it as a blessing. Like, who get to be so many people in one lifetime?

...Emm... Psychopaths and heavily sick gents?

Exactly! Thanks for the compliment.

More seriously though. I'm pretty comfortable with my mental "illnesses". They make who I am (Or I make them what they are?) and I wouldn't want to be anyone else on this goddamned planet.

That's the spirit!

We would've been such good friends (and more ;)) if you weren't on the other side of the world.

Speaking about that, the situation seems to have gotten better than I thought, in Tunisia. I didn't have an impression of this type of freedom last time I was there.

The type of of freedom that lets people be whoever they are.

Well the community wasn't as showy as it is today, that's for certain. And the situation is not ideal, we still have some pretty strong stigma and laws that violate basic human rights are still applied.

But thanks to the emergence of gay clubs, drag shows, LGBTQIA+ related official events and some minor representation in the media, Tunis is pretty gay-friendly compared to other arab or african cities. Can't say the same about Tozeur, where am I am right now, or other regions other than Tunis. If they knew who I was I don't know what could be possible... Anything I guess.

And about that sea between Tunis and Brazil, you're clearly underestimating the lengths I would go for new adventures.

(<=== This dude is a proud Burning Man regular) I'm gonna come crash at yours and you'll make me discover the joys and craziness of the São Paulo Lifestyle when this Pandemic shit is over.

OMG. BURNING-MAN. I KNEW I had seen your face before. Probably crossed you in the middle of one of the trips last year ! And, HAHA. Cocky. I see you, Zach, I see you. Let me check with my boos... They probably won't say no to some Gemini craziness after the monotony of the last weeks. 😊

Well maybe, maybe we're sister souls that were bond to meet.

And who the hell told you about that Gemini part !?

No one needed to tell me, I just knew. (YES, I "just know" a lot things)

You're scary, dude.

And you should worry when I'm the one telling you this.

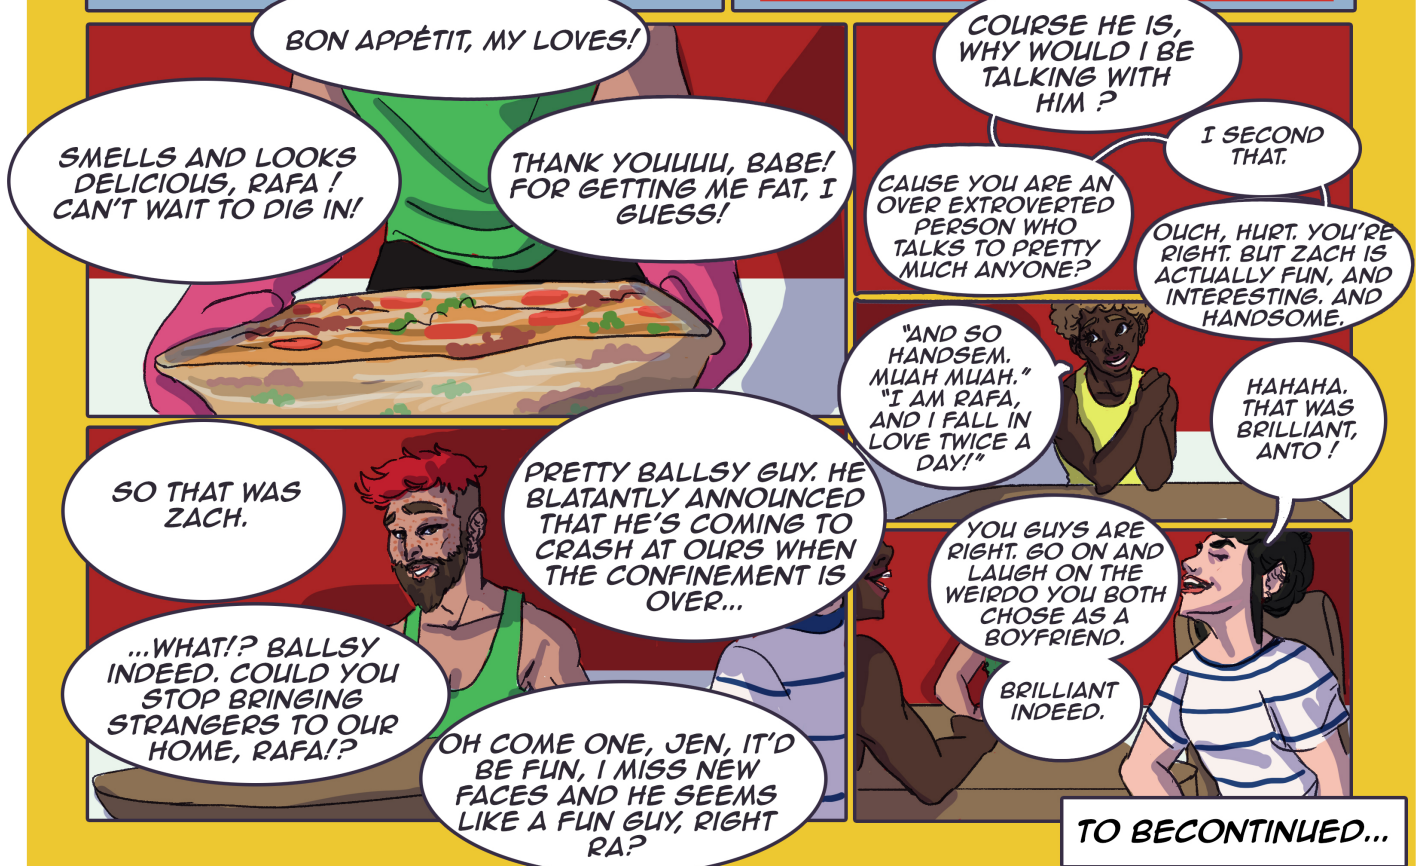

Haha. I guess I am for the unknowing eye. I'm just magical. ✨

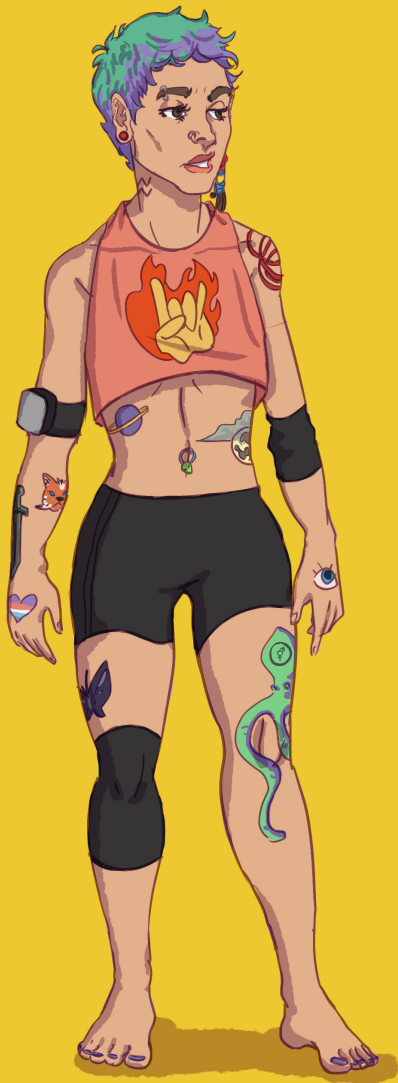

Imma have lunch, talk to you later! ❤️

Magical? Sure.

Enjoy! I'm gonna brew a love potion and dig some graves. (I actually just wil continue playing to this highly addictive online game)

See ya, lovely person! ❤️
